OBJETIVOS

In this block the learner will consolidate the material from the previous Blocks and begin the transition from A2 to B1. The course content remains functional and focused entirely on improving learner independence in all areas. In this block the learner is introduced to the contrasting uses of the tenses covered so far such as Present Continuous for future plans with Going to for intentions. As with the other blocks on the course, there is frequent pronunciation practice and the learner has exposure to long and short sounds, correct regular past tense endings as well as general vocabulary and sentence level practice. The use of a variety of exercises encompasses different learner styles as well as guaranteeing thorough coverage of the topics covered. The block is comprised of a series of interactive exercises such as word-picture association, listening comprehension with short, realistic dialogues and student-led listening practice with the vocabulary items.
